

(1) nice publishable case

correct types

Don't switch back & forth from 1st person to 3rd person. Must write in past tense

lives inventory focus + tension between employees ~~but should~~

write it from inventory focus

focus on how disastrous inventory

problem is - write about technical

people/staffing issue - show

how they are tied together

root cause = inventory problems which

then affect staffing Choice

HR or inventory side-focus

disguise characters name

look - what's the main question - Must

put in beginning & end. Must

catering standards & practices -

how should it be done? - put in

teaching note. Choice

long paragraphs - break up. put in

headings. Must

add to last paragraph - getting

shorted or got too much?

paperwork didn't correspond to #s

actually delivered -> use this

as the look
