No books did one  
No one discuss point what do you want student to do?  
(L is good of CI)

End of p 2. Last paragraph is confusing  
(make this personal)

Add subject areas for textbooks (more engaging)  
in table - add this to table

State - only focus on buying OR give all options as renting

How can we pull together to help everyone VB understand decision

How can we pull together a representative curriculum  
make book more intense - strengthen and clarify actual topics - develop options more fully on as a course

N: International business should be added as a course in entrepreneurship (and small business)

Questions are OK - answers aren't thought out

#3 T. about all of involved

#3 T about all of involved  
#4 Aren't some fraternities doing this? unofficial market exists?  
- P. would handle this? a

Are there some fraternities doing this?   
 Tax implications for non-profit - who would handle this?   
 Faculty sponsor (students sell books)

Some universities have a sale links (students sell books)

add orientation class for new international students to know  
what options available 'author's plan' <sup>IX</sup>

(author's claim) → Competition creates lower prices - who's at or takes it  
 Suggestion (Focus on instance or marketing/pricing structure)  
 No international side (Eliminate - free markets  
 contrast between free markets should  
 be lower prices they are not)
